SSMC Governing Document
SSMC conference presentation information
Subject to bylaw 7.1.9

1. Annual conference presentations:

1.1 Presenters will follow the guidelines that SSMC will provide them to develop their presentation. Topics for their presentations will be submitted to the SSMC Board of Directors 100 days prior to the conference for review.

1.2 All completed presentations for the conference will be submitted to the host site no later than two weeks before the conference begins. This is to allow for the organization to make these presentations public to the members, and for the host site to place all presentations on a computer or storage device that will be used during the conference.
